From the turnout we had today, it looks like everybody made it through the holiday rush ok. We started the year with very unusual weather for January; it will not be like this for February. I talked to the weather gods last night and this what they said, I hope you enjoyed January, because February will be b---hing cold, so, haul out your woolies and long johns.

We had a great attendance for January; twenty-five strong showed up, that was great for the last day of deer season. We had only one mishap on the range today, someone killed ram one on the first relay. Even for a windy day the scores were higher than usual. Bill Davis took first, Haley Pearsall took second, George Harris took third, Aubery Adcock took tenth and Hope White took fifteenth. The personal best score was won by Joe Brookman, nice going Joe. It was nice to see the ladies show up and shoot, would like to see more wives and daughters shooting.

At the end of the match we gave out the awards for last years Ram Bash. First was Haley Pearsall, second was Bill Davis and third was George Harris. We gave out an award for most improved shooter for 2011; Anthony Schaapman won it. Nice going Anthony, keep up the good work. I see by

the middle of the year that Anthony will be biting the buttocks of Bill Davis and Haley Pearsall. All Anthony has to do is get three more rams. After everything was over we had a group picture taken. Lets not forget Francis Hick's delicious chocolate brownies. They sat by me all during the match and all I got was crumbs, well, there is always next month.

Pictures were taken during and after the match, they can be viewed from here:

If anybody wants a hard copy of the pictures get in touch with Bill Davis.
