What can I say, you couldn't ask for a more perfect day to shoot. Lighting was great, no wind and a slight chill in the air and its still winter. I am looking forward to the March winds and April showers. I hope we can add two more boards between now and the next match, which will give you more room between each shooter.

We had a great turnout this month, twenty-seven shooters showed up. Bill Davis took first, Haley Pearsall took second, and somebody needs to break their trigger fingers. It was just a joke people. George Harris took third in a shoot off with Jay Mason, Bill Curry took tenth and Dwight Hlustick took fifteenth in a shoot off with Werner Gstattenbauer. We had four people to shoot one or more tens this month. We had a new shooter to show

up today, his name is Alex Dobrowolski, hope to see more of you Alex. We need more young shooters to participate in this style of shooting. There was some excitement on ram one during the first relay. Somebody shot the ram and it took a nosedive, they finish their relay with the ram running down hill.

Lets not forget Frances and her famous brownies, they were great, and I finely got to eat one. I sat it on my cash box and told everyone who was eyeballing it, that I had spit on it. See you in March; now go watch the Super Bowl.

For your information there is a Ram Bash at the Fairfax Rod and Gun Club in Manassas, VA on February 26<sup>th</sup> at the Lea range, match starts at 9:00am. If you need information call me 804-598-5444.
