What can I say; the weatherman was wrong all the way around. All week the weatherman was calling for tornadoes, thunderstorms and floods, boy was he wrong. It was like an early spring day. As you can see, we tied last month's attendance with 27 shooters. I think when we started the ram bash in September of 2009 we had eleven shooters and guess who won it, Owen with a 31. I never realized this match would grow to be this popular of a shooting event. Owen has tied Bill Davis for Ram Bash high score record, it now up to the rest of us to tie or beat there score. Frances brought her now famous brownies they didn't last very long. Joe Brookman got the last of the crumbs.

First place was Owen Peters, second place was George Harris, third place was Al Riggs, tenth place was Haley Pearsall and Dan VanRoekel took fifteenth place in a three-way shoot off. We had three complete ram kills (that's when the ram falls from the uprights), Ed Cunningham, George Harris and Ken Moore made the kills. Everybody said it was because we were using black powder 45-70 or larger loads with heavy bullets. I say, let them eat cake.

Lets thank Aubery and his team for setting up the rams and painting. Also the Ram Bash shooters have supplied the 200-yard line with a new metal target to shoot at. Maybe this will keep the club members from shooting our rams.

I am going to make the rest of the year very interesting. The first shooter who breaks Owen's or Bill's score will shoot for the rest of the year free. Now for everyone else who ties there score of 39 will receive a one free shoot for the year. I have had some enquires on why I am asking if you are attending the Ram Bash, there are two, I have a maximum of 32 shooters and time. I will be setting up the buffalo in April for the ten shot Buffalo match. This will be shot after the Ram Bash. See you in April.
