Howard McMahon	20	15
Mark Powell	20	16
Joe Stutts	20	17
Karl Hovatter	17	18
Richard Brooker	13	19
Wayne Loving	12	20
Joe Brookman	8	21

Really guys, all I would like to know, **who piss off the weather gods!** Our day started off sunny with a chill in the air. Then all hell broke loose, during the first relay. Dark clouds loomed overhead, the hale started, blowing winds with 25 to 35 mph gust. Being under that tin roof during a hailstorm is not my cup of tea, it was so noisy you couldn't hear yourself think. Then the sun came out for a while. The wind is starting to blow and there is dark clouds looming in the west and moved towards us. **What's next!** The rain started with winds of around 35 mph, soaking everything under the rear side of the cover. The wind blew so hard that it was moving gun cradles and cases. Then temperature dropped and the wind is picked up and then the sun came out. The high winds stayed with us for the rest of the match. At least we didn't have snow, maybe next year. So, what did we learn from this shoot. After you load up your truck or van, toss in a roll of paper towels.

I would like to welcome the new shooters; Joe Brookman, Mark Powell and Ron Swindell hope to see you again. Jay Mason took 1st, George Harris took 2nd, and Aubery Adcock took 3rd in a shoot off. Jam Mason took the ham in the top 3 long run and John Marhefka took the ham in the 4th place and below long run. Bill James took 10th place and Howard McMahon took 15th. I would like to say, if you pack up your gun and or leave before the scores have be tallied you could miss out in a shoot off.

By the way, this is for Jay and John; don't forget George and I want our ham sandwiches. See everybody in May.
Ed Cunningham, aka, OF (Old Fart)
