The weather gods smiled on us this Easter weekend; it was a nice way to start the spring off with. We had 29 shooters to attend our Easter ham shoot and that was a record breaker for us. I had 5 to 8 people to ask me where are the brownies were. I had the unfortunate duty to tell them that Frances Hicks had a prier Easter engagement, maybe next time. Sorry this took so long, between the computer being on the fritz plus yard and garden work, I've hadn't time to pee. I need a glass of wine, hold on for a moment. Now I am back. We had three shoot offs, for third, tenth and fifteenth places. After the match we had the drawing for three Smithfield hams. Augie Kowalik, Jay Mason and John Marhefka were the winners. I am thinking on the lines of having more produce added to the matches. Let me know what you think, feed back will appreciated.

We had eight shooters to shoot the buffalo and of course the old man pulled it out with a score of eight. I hear by way of the grape vine that Paul Schaapman and Dick Kennedy have ordered a CPA rifle in 38-55 cal. Between Bill Davis and myself we should have them up and running in no time.

Went to the Ram Bash at Fairfax with Aubery and Bill James on Sunday. It was cold and it rained all day, should have stayed at home. The dam cold weather made every bone and joint in my old body hurt. Aubery took a tenth and Bill took a fifteenth. I am on my second glass of wine and I am beginning to ramble on, time to quit. See you in May.

Ps: Augie, thanks for the ham sandwich.
