So I lied, so sue me, I have no control of the weather. That's all I heard all day, "it's cold, and you said it was going to be warm". All I go by is what the weatherman predicts and what that half ass X VP Al Gore is saying, running around spouting off that we are in for global warming, I wonder if he stuck his head outside this week? I will say, I did have to put on a heaver coat and a wool hat in middle of the match. You know we could blame all this cold weather on that Canadian family that shoots with us. Now for June, dress as if there will be snow up to your ass, you can always shed your clothing.

The scores this month was somewhat fantastic. There were nine tens shot this month, three of the tens were shot on the same relay, ram #2 and it was there second ram. This feat was accomplished Paul Schaapman, Bill Davis and Ken Moore. This was a Cavalier first and will go down in the record book. Bill Davis took first, Haley Pearsall took second, Paul Schaapman took third, Ken Moore took tenth and Bill Curry took fifteenth. Lets not forget the OF class; Ed Cunningham won it with the flip of a coin.

Frances was feeling a little peaked; she informed me she was getting over the flue. So she just hung around while the rest of us shot. Brian I think made the brownies this time around. They did wrap a brownie in aluminum foil for me so it would not get stale, thanks. Aubery Adcock was not shooting; he is getting over his cataract surgery. Aubery said when he gets all his cataracts taken care of; he is going to kick everybody's ass. T. White did not show, something about broken ribs. He would not elaborate on how he accomplishes this, so make up your story. I would like to thank Forrest Stairs for painting the rams, a job well done.

That's about all for now; see you at the June shoot. What the weather will be like; beats the crap out of me!
