For once the weather gods smiled on us today. It started out looking like rain but that did not last long. A slight breeze started up around the first part of the match, but that soon subsided towards the end of the match. We had twenty shooters to show up on this holiday weekend. Tim Kuntz brought a new shooter; Dale Brooks and Paul Schaapman brought his daughter, Rachel. I guess Paul will be loading for three now. Paul, by my calculations that's 190 plus rounds per match. As you can see, our club took first, second and third places. As you can see we had several people to shoot a string of ten or more

hits and lets not forget Aubery Adcock who shot seventeen hits in a row. Haley Pearsall ran his side match this month where if you matched or went over your personal best score for the year you could be a winner. From the looks of things, it went over real well. After the ram bash we had our first 500 yd. buffalo match. The fee was \$5.00 for the ten shot match; we had nine to sign up. John Marhefka took third, Bill Davis took second and I (the buffalo slayer) took first. The only thing I can say is that the shooting gods were smiling on me today. What the hell, I patted myself on the back all the way home. Not bad for old man who turns 72 Oct. 1<sup>st</sup>. Ok you young guys with good eyes and low blood pressure I have paved the road now keep up. My next feat of magic will be to get ten in a row with my Springfield 1884 trapdoor. And lets not forget the guys who set-up, painted and took down the rams and buffalo. Thanks

Ed Cunningham

Ps: For your information I was using a CPA Stevens 44.5, 38-55 #3 Douglas barrel 28''  
Load: w-w brass, CCI-200 primers, 16.8 grains 4759, Lyman 378674 bullet 30-1  
lead, sized to .377, lube. SPG, OAL 2.883. And a slight taper crimp.
