Rachel Schaapman	22	20
Bill James	19	21
Al Riggs	19	22

Bolt Action & Scope Group

Thomas Sherlock	15	1
-----------------	----	---

I would like to know if we were going to get any warm weather this year. Saturday we all shot in jackets and or heavy shirts. I saw on the news this morning that the Columbia, SC strawberry growers were covering up their crops because of frost warnings. Lets hope that May will give us some warm weather.

Tension was in the air yesterday, everybody was watching Anthony's scores. His first ram, 10, second ram, 10, third ram, 10, fourth ram, 9, I think he said it was his seventh shot that was his nemesis. We did see the Schaapman clan take a 1st, 2nd this month and Mike Burns with a 3rd. Aubery Adcock took 10th and Werner Gstattenbaver took 15th. Werner was a happy man on Saturday, he finally shot a ten, that was his first ten he has ever shot in the ram bash game. And lets not forget Mike Logan who took the OF class. Our new shooter today was Thomas Sherlock; hope to see more of you in the future. Want to thank Jonathan Lushbaugh for doing a great job of painting the rams today; I hope the tips were satisfactory. See you on May 17th.

Ed Cunningham
Schuetzenmeister

WALKING ON THE GRASS

The room was full of pregnant women with their husbands.

The instructor said, "Ladies, remember that exercise is good for you. Walking is especially beneficial. It strengthens the pelvic muscles and will make delivery that much easier.

Just pace yourself, make plenty of stops and try to stay on a soft surface like grass or a path."

"Gentlemen, remember -- you're in this together. It wouldn't hurt you to go walking with her. In fact, that shared experience would be good for you both."

The room suddenly became very quiet as the men absorbed this information.

After a few moments a man, name unknown, at the back of the room, slowly raised his hand.

"Yes?" said the Instructor.

"I was just wondering if it would be all right if she carries a golf bag while we walk?"
Brings a tear to your eye, doesn't it?

This level of sensitivity can't be taught.
